Enthusiastic and detail-oriented third-year Computer Science major with a minor in Mathematics. Proficient in JavaScript, Python, and Java with a keen interest in expanding skills. Reliable worker with excellent communication, time management, and computer skills. A driven and detail-oriented individual with a desire to use analytical and problem-solving skills to meet goals.

Educational Background

Middlebury College, Vermont
Major in Computer Science
Minor in Mathematics
GPA: 3.63
September 2023 - May 2025

Bell Senior High, California
GPA: 4.3
High School Diploma
September 2018 - June 2021

Skills

Web Development

- Proficient in JavaScript, Java, and Python, regularly interchanging between languages to continuously expand and strengthen expertise.
- Familiar and actively improving Node.js, HTML and CSS.
- Skilled in developing reusable UI components, managing component state, and optimizing performance for modern web applications using React.
- Proficient in leveraging ESLint and Prettier to uphold code quality standards, enhance readability, and foster effective collaboration among development teams.
- Proficient in utilizing Git for version control.

Testing Frameworks

- Testing plays a vital role in establishing confidence in software solutions. I leverage my expertise with Jest, a robust testing framework, to ensure the reliability and expected functionality of my programs.

Continuous Learning

- Dedicated to continuous learning and professional development, actively exploring new technologies and concepts both online and in my free time. Passionate about applying acquired knowledge to enhance expertise in my field.

Experience

Experienced PC Builder & Technology Consultant

- Experienced custom PC builder and technology consultant with a successful track record of satisfying customer needs through tailored computer solutions.
- Over 3 years, consistently delivered 40 custom-built PCs per month, showcasing expertise in meeting diverse client specifications and preferences.
- Adept at understanding and addressing customer requirements, ensuring high satisfaction levels and repeat business through local channels and online platforms.

Food Delivery Driver

- Served as a food delivery driver for UberEats, DoorDash, and Grubhub from Summer 2022 to Summer 2023. Delivered orders promptly and accurately while maintaining a high level of customer satisfaction. Efficiently navigated delivery routes and ensured timely service to customers.
